DOUBLE STAINLESS STEEL PICTURE HOOK FOR 80 KG LOAD

DOUBLE STAINLESS STEEL PICTURE HOOK FOR 80 KG LOAD

The painting hook is designed for a mesh size of 100 x 80 mm (w x h). The locking lug snaps onto the bottom wire and prevents the hook from falling out. If the hook is placed exactly between the vertical bars, it can no longer be pushed sideways. Placing it in the middle ensures that it can be moved
